

Bus & Coach Guidelines

Please give this document to your bus or coach driver on the day.

Our Address is : **Rene Court, Coldhams Road, Cambridge. CB1 3EW**

The Centre for Computing History has parking for one coach immediately outside our building in our parking area.

The museum is located on a small road on an industrial estate. Whilst the entrance to Rene Court is tight, coaches do fit and have done so many times.

The turning into Rene Court is **immediately before** the railway crossing. **DO NOT go over the railway crossing** as it will be hard to turn round and **impossible** to turn into Rene Court from that direction.

We reserve parking space for your coach in our parking area for you and you will be able to turn around to leave.

DO NOT : Stop on this road OR stop on the level crossing

If you do miss this turning : turn around at the bottom of the road, drive all the way back out to the main road (Coldhams Lane), follow the road down to the roundabout adjacent to Sainsbury's, go around the roundabout to come back on yourself and turn right at Edmunson Electrical again and re-approach our turning.

Do not stop on this road to let the students depart. With the level crossing and amount of traffic on this road it is dangerous.
