

# Corporate Events

the centre for  
computing history

Fun and interactive  
displays to help make your  
event one that people will  
remember.

## Retro Gaming Events

We'll bring along a number of retro games consoles and computers and have them available for your guests to play and enjoy.

From the PONG and Atari 2600 to the first Playstation and all the greats in between.

We even have arcade cabinets and can bring along projectors for big screen gaming!

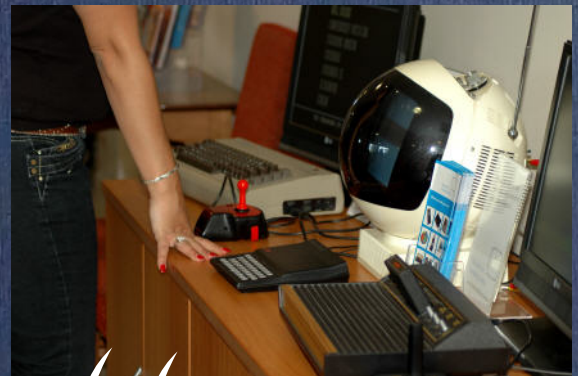

## Computing History Talks

An interesting, less technical, more personal and light hearted look at the past 30 years of computing and how our lives have changed.

## ..or Perhaps a Bit of Both?

Each event is specifically tailored to your needs in terms of scale and timing. Call or email us to discuss your requirements!

... and it's a great way to help support the museum which is a registered charity!

*A fantastic event. Really nostalgic and very interesting. Something that everyone found engaging, not just us geeks!*  
S. Pearson - Activities Co-ordinator

*The most popular of all the feature areas at the show - it got an average 92% approval rating!*  
Matt Hodgins - Gadget Show Live
